

**Jasper County Rural Electric Membership Corporation dba Connect-Internet by Jasper County REMC
Broadband and VOIP Acceptable Use Policy**

Effective Date of Policy: April 12, 2022

This Acceptable Use Policy (the “Policy”) outlines acceptable use of Jasper County Rural Electric Membership Corporation’s (“Jasper County REMC”) fiber internet service (the “Service”). This Policy is in addition to any restrictions or conditions contained in any customer or subscriber agreement executed by you and Jasper County REMC with respect to the Service (each a “Subscriber Agreement”).

All Jasper County REMC customers receiving the Service (the “customer,” “user,” “you” or “your”) and all others who use the Service must comply with this Policy. Your failure, or others’ failure, to comply with this Policy could result in the suspension or termination of your or their Service accounts. Therefore, you should take steps to ensure that others you permit to use your Service are aware of this Policy and agree to abide by it. If you are unwilling to comply with this Policy, you must immediately stop all use of the Service and notify Jasper County REMC so that it can close your account.

How will I know when Jasper County REMC changes this Policy, and how do I report violations of it?

Jasper County REMC may revise this Policy from time to time by posting a new version on its website at www.connectjasper.com (the “Website”). Jasper County REMC will use reasonable efforts to make customers aware of any changes to this Policy, which may include sending email announcements or posting information on the Website. Revised versions of this Policy are effective immediately upon posting. Accordingly, customers of the Service should read any Jasper County REMC announcements they receive and regularly visit the Website and review this Policy to ensure that their activities conform to the most recent version. You can send questions regarding, and reports violations of, this Policy to Chief Executive Officer.

I. Prohibited Uses and Activities

What uses and activities does Jasper County REMC prohibit?

In general, the Policy prohibits uses and activities involving the Service that are illegal, infringe the rights of others or interfere with or diminish the use and enjoyment of the Service by others. For example, these prohibited uses and activities include, but are not limited to, using the Service or customer-provided or Jasper County REMC-provided equipment, either individually or in combination with one another, to:

Conduct and information restrictions

- undertake or accomplish any unlawful purpose. This includes, but is not limited to, posting, storing, transmitting or disseminating information, data or material that is libelous, obscene, unlawful, threatening or defamatory or that infringes the intellectual property rights of any person or entity or that in any way constitutes or encourages conduct that would constitute a criminal offense or otherwise violate any local, state, federal or non-U.S. law, order or regulation;
- post, store, send, transmit or disseminate any information or material that a reasonable person could deem to be unlawful;
- upload, post, publish, transmit, reproduce, create derivative works of or distribute in any way information, software or other material obtained through the Service or otherwise that is protected by copyright or other

- proprietary right without obtaining any required permission of the owner;
- transmit unsolicited bulk or commercial messages commonly known as “spam;”
- send very large numbers of copies of the same or substantially similar messages, empty messages or messages that contain no substantive content or send very large messages or files that disrupt a server, account, blog, newsgroup, chat or similar service;
- initiate, perpetuate or in any way participate in any pyramid or other illegal scheme;
- participate in the collection of very large numbers of email addresses, screen names or other identifiers of others (without their prior consent), a practice sometimes known as spidering or harvesting, or participate in the use of software (including “spyware”) designed to facilitate this activity;
- collect responses from unsolicited bulk messages;
- falsify, alter or remove message headers;
- falsify references to Jasper County REMC or its network, by name or other identifier, in messages;
- impersonate any person or entity, engage in sender address falsification, forge anyone else’s digital or manual signature or perform any other similar fraudulent activity (for example, “phishing”);
- violate the rules, regulations, terms of service or policies applicable to any network, server, computer database, service, application, system or website that you access or use;

Technical restrictions

- access any other person’s computer or computer system, network, software or data without his or her knowledge and consent, breach the security of another user or system, or attempt to circumvent the user authentication or security of any host, network or account. This includes, but is not limited to, accessing data not intended for you, logging into or making use of a server or account you are not expressly authorized to access, or probing the security of other hosts, networks or accounts without express permission to do so;
- use or distribute tools or devices designed or used for compromising security or whose use is otherwise unauthorized, such as password guessing programs, decoders, password gatherers, keystroke loggers, analyzers, cracking tools, packet sniffers, encryption circumvention devices or Trojan Horse programs. Unauthorized port scanning is strictly prohibited;
- copy, distribute or sublicense any proprietary software provided in connection with the Service by Jasper County REMC or any third party, except that you may make one copy of each software program for back-up purposes only;
- distribute programs that make unauthorized changes to software (cracks);
- use or run dedicated, standalone equipment or servers from the customer’s premises that provide network content or any other services to anyone outside of your premises local area network (“Premises LAN”), also commonly referred to as public services or servers. Examples of prohibited equipment and servers include, but are not limited to, email, web hosting, file sharing and proxy services and servers;
- use or run programs from your premises that provide network content or any other services to anyone outside of your Premises LAN, except for personal and non-commercial residential use;
- service, alter, modify or tamper with the Jasper County REMC-provided equipment or Service or permit any other unauthorized person to do the same;

Network and usage restrictions

- use the Service for any purpose other than personal and non-commercial residential use (except for your individual use for telecommuting);
- use the Service for operation as an internet service provider or for any business, other legal entity or organization purpose (whether or not for profit);
- restrict, inhibit or otherwise interfere, regardless of intent, purpose or knowledge, with the ability of any other person to use or enjoy the Service (except for tools for safety and security functions such as parental controls, for example), including, without limitation, posting or transmitting any information or software that contains a worm, virus or other harmful feature;

- impede others' ability to use, send or retrieve information;
- restrict, inhibit, interfere with or otherwise disrupt or cause a performance degradation, regardless of intent, purpose or knowledge, to the Service or any Jasper County REMC (or supplier thereof) host, server, backbone network, node or service or otherwise cause a performance degradation to any Jasper County REMC (or supplier thereof) facilities used to deliver the Service;
- resell the Service or otherwise make available to anyone outside of your premises the ability to use the Service (for example, through WiFi or other methods of networking), in whole or in part, directly or indirectly;
- connect the Jasper County REMC-provided equipment to any computer outside of your premises;
- interfere with computer networking or telecommunications service to any user, host or network, including, without limitation, denial of service attacks, flooding of a network, overloading a service, improper seizing and abusing operator privileges, and attempts to "crash" a host; or
- access and use the Service with anything other than a dynamic Internet Protocol ("IP") address that adheres to the dynamic host configuration protocol ("DHCP"). You may not configure the Service or any related equipment to access or use a static IP address or use any protocol other than DHCP unless you are subject to a Service plan that expressly permits you to do so.

II. Customer Conduct and Features of the Service

What obligations do I have under this Policy?

You are responsible for your own compliance with this Policy. You are also responsible for any use or misuse of the Service that violates this Policy by anyone else you permit to access the Service (such as a friend, family member or guest). Jasper County REMC recommends against enabling file or printer sharing unless you do so in strict compliance with all security recommendations and features provided by Jasper County REMC and the manufacturer of the applicable file or printer sharing devices. Any files or devices you choose to make available for shared access on a home LAN, for example, should be protected with a strong password or as otherwise appropriate.

In all cases, you are solely responsible for the security of any device you connect to the Service, including any data stored or shared on that device. It is also your responsibility to secure the customer-provided equipment and any other premises equipment or programs not provided by Jasper County REMC that connect to the Service from external threats such as viruses, spam, bot nets and other methods of intrusion.

How does Jasper County REMC address inappropriate content and transmissions?

Jasper County REMC reserves the right to refuse to transmit or post, and to remove or block, any information or materials, in whole or in part, that it, in its sole discretion, deems to be in violation of this Policy or otherwise harmful to Jasper County REMC's network or customers using the Service, regardless of whether this material or its dissemination is unlawful. Neither Jasper County REMC nor any of its affiliates, suppliers or agents have any obligation to monitor transmissions or postings (including, but not limited to, email, file transfer, blog, newsgroup and instant message transmissions) made on the Service. However, Jasper County REMC and its affiliates, suppliers and agents have the right to monitor these transmissions and postings from time to time for violations of this Policy and to disclose, block or remove them in accordance with this Policy, a Subscriber Agreement and applicable law.

What requirements apply to email?

The Service may not be used to communicate or distribute email or other forms of communications in violation of this Policy. As described below, Jasper County REMC uses reasonable network management tools and techniques to protect customers from receiving and sending spam (often without their knowledge over an infected computer).

Jasper County REMC is not responsible for deleting or forwarding any email sent to the wrong email address by you or by someone else trying to send email to you. Jasper County REMC is also not responsible for forwarding email sent to

any account that has been suspended or terminated. This email will be returned to the sender, ignored, deleted or stored temporarily at Jasper County REMC's sole discretion. If you cancel or terminate your Service account for any reason, all email associated with that account (and any secondary accounts) will be permanently deleted as well.

If Jasper County REMC believes, in its sole discretion, that any subscriber name, account name or email address (each an "Identifier") on the Service may be used for, or is being used for, any misleading, fraudulent or other improper or illegal purpose, Jasper County REMC: (i) reserves the right to block access to and prevent the use of any such Identifier, and (ii) may at any time require any customer to change his or her Identifier. In addition, Jasper County REMC may at any time reserve any Identifiers on the Service for its own purposes.

What requirements apply to instant, video and audio messages?

Each user is responsible for the contents of his or her instant, video and audio messages and the consequences of any of these messages. Jasper County REMC assumes no responsibility for the timeliness, mis-delivery, deletion or failure to store these messages. If you cancel or terminate your Service account for any reason, all instant, video and audio messages associated with that account (and any secondary accounts) will be permanently deleted as well.

III. Network Management

Why does Jasper County REMC manage its network?

Jasper County REMC manages its network to deliver the best possible broadband internet experience to all of its customers. High-speed bandwidth and network resources are not unlimited. Managing the network is essential as Jasper County REMC works to promote the use and enjoyment of the internet by all of its customers. Jasper County REMC uses reasonable network management practices that are consistent with industry standards and tries to use tools and technologies that are minimally intrusive and, in its independent judgment guided by industry experience, among the best in class. Jasper County REMC expects that its network management practices will evolve along with the uses of the internet and the challenges and threats on the internet. By engaging in responsible network management, including enforcement of this Policy, Jasper County REMC can deliver the best possible broadband internet experience to all of its customers.

How does Jasper County REMC manage its network?

Jasper County REMC uses various tools and techniques to manage its network, deliver the Service and ensure compliance with this Policy and Subscriber Agreements. These tools and techniques are dynamic, like the network and its usage, and can and do change frequently. For example, these network management activities may include: (i) identifying spam and preventing its delivery to customer email accounts, (ii) detecting malicious internet traffic and preventing the distribution of viruses or other harmful code or content, (iii) temporarily lowering the priority of traffic for users who are the top contributors to current network congestion, and (iv) using other tools and techniques that Jasper County REMC may be required to implement in order to meet its goal of delivering the best possible broadband internet experience to all of its customers.

IV. Copyright

How does Jasper County REMC communicate with customers about copyright?

Jasper County REMC is committed to complying with U.S. copyright and related laws and requires all customers and users of the Service to comply with these laws. Jasper County REMC maintains a Broadband and VOIP Copyright Infringement Policy, which is incorporated herein and is available at www.connectjasper.com or upon request. The Broadband and VOIP Copyright Infringement Policy is applicable to and an essential term and condition of service.

V. Violation of Policy

What happens if you violate this Policy?

Jasper County REMC reserves the right to immediately suspend or terminate your Service account and terminate the Subscriber Agreement if you violate the terms of this Policy or the Subscriber Agreement or if anyone else you permit to access the Service violates this Policy.

How does Jasper County REMC enforce this Policy?

Jasper County REMC does not routinely monitor the activity of individual Service accounts for violations of this Policy, except for determining aggregate data consumption. However, Jasper County REMC will respond appropriately if it becomes aware of inappropriate use of the Service. Jasper County REMC has no obligation to monitor the Service and/or the network. Jasper County REMC and its suppliers reserve the right at any time to monitor bandwidth, usage, transmissions and content in order to, among other things, operate the Service, identify violations of this Policy and/or protect the network, the Service and Jasper County REMC users.

Jasper County REMC prefers to inform customers of inappropriate activities and give them a reasonable period of time in which to take corrective action. Jasper County REMC also prefers to have customers directly resolve any disputes or disagreements they may have with others, whether customers or not, without Jasper County REMC's intervention. However, if the Service is used in a way that Jasper County REMC or its suppliers, in their sole discretion, believe violates this Policy, Jasper County REMC or its suppliers may take any responsive actions they deem appropriate under the circumstances with or without notice. These actions include, but are not limited to, temporary or permanent removal of content, filtering of internet transmissions and the immediate suspension or termination of all or any portion of the Service. Neither Jasper County REMC nor its affiliates, suppliers or agents will have any liability for any of these responsive actions. These actions are not Jasper County REMC's exclusive remedies, and Jasper County REMC may take any other legal or technical actions it deems appropriate with or without notice.

Jasper County REMC reserves the right to investigate suspected violations of this Policy, including the gathering of information from the user or users involved and the complaining party, if any, and examination of material and data on Jasper County REMC's servers and network. During an investigation, Jasper County REMC may suspend the account or accounts involved and/or remove or block material that potentially violates this Policy. You expressly authorize and consent to Jasper County REMC and its suppliers cooperating with: (i) law enforcement authorities in the investigation of suspected legal violations, and (ii) system administrators at other internet service providers or other network or computing facilities in order to enforce this Policy. Upon termination of your Service account, Jasper County REMC is authorized to delete any files, programs, data, email and other messages associated with your account (and any secondary accounts). 1781917
